GETTING AND KEEPING THAT FIRST JOB

This workshop will offer information about preparing for employment for your youth or young adult with disabilities.

THE JOURNEY TO ADULTHOOD

Come learn about what to know to help your child learn about puberty and sexuality. Parents will receive ideas, tips, handouts and tools to start these important discussions with their children with disabilities.

SKILLS FOR EFFECTIVE PARENT ADVOCACY

This workshop will teach parents how to be a great advocate for their child. We will also discuss how you can help your child become a self-advocate.

HEALTHY TRANSITION

Since health affects all aspects of life: information, resources and tools will be provided to help families of youth with special health care needs (all of our young adults!) and disabilities prepare for the transition from pediatric to adult health care including the service and funding systems.
